

CONSTITUTION

(As amended 10 November 2024)

ARTICLE 1 - NAME & OBJECTIVES

- 1.1 The official name of the club is "Halton Hills Model Flying Club" (HHMFC).
- 1.2 The club is an unincorporated non-profit organization.
- 1.3 Wherever the masculine gender is used in these bylaws, masculine and feminine are to apply equally.
- 1.4 The objective of the club is to encourage good fellowship, promote social and radio control (RC) model aircraft activities, and provide information of interest to the membership, and:
 - i) to assist members in the construction and flying of RC Model Aircraft;
 - ii) to promote and exchange ideas in the design, construction and flying;
 - iii) to promote RC Model Aircraft competition and fun fly events;
 - iv) to foster all RC Aero Modeling. No class of RC aircraft will be banned from flying, regardless of size or function provided that they meet the applicable MAAC Site Operating Certificate, Safety Documents, and Club rules. However, the field may be unsuitable or restrictive for some categories of RC models. Turbine operation may be curtailed because of the fire hazard when the surrounding field of grain ripens later in the summer. Pattern aerobatics are difficult because of the proximity of Winston Churchill Boulevard to the east. Because of our sensitive neighbours, all powered models must observe our noise limit. This may be difficult and/or expensive with motors of 50cc and over.

CONSTITUTION

(As amended 10 November 2024)

ARTICLE 10 - HHMFC OUTDOOR FLYING SITE POLICIES

- 10.1 All club members are individually and solely responsible for compliance with regulatory requirements.
- 10.2 All club members and guests shall comply with the Halton Hills Model Flying Club (HHMFC) Normal Operating Procedures and Club Safety Rules, which have been established in accordance with MAAC Site Operating Certificate criteria, and are part of the MAAC issued club outdoor SOC. These may be found on the club website (hhmfc.ca) and posted at the club outdoor flying site.
- 10.3 Persons flying at an HHMFC outdoor flying site are individually and solely responsible for compliance with any regulatory agencies' requirements.
- 10.4 Only club members and guests, accompanied by a member, are permitted to fly. Members will always have priority for airtime.
- 10.5 All members and guests must read, understand, and comply with the Model Aeronautics Association of Canada (MAAC) Safety Code and the HHMFC Field Operating Rules.
- 10.6 All members must ensure that their guests have a current MAAC Membership Card available for inspection.
- 10.7 Each club member is responsible to ensure that their guests can fly in a safe and competent manner and that they abide by the MAAC Safety Code and all HHMFC Field Operating Rules.
- 10.8 Executive members and designated club instructors have the authority to determine additional instances of when Spotters (see MAAC Safety Code) are required for flight operations.
- 10.9 The HHMFC flying field layout will be in accordance with the RC Flying Field Specifications for General Category RC Aircraft as per the MAAC Safety Code.

CONSTITUTION

(As amended 10 November 2024)

- 10.10 The runway at the HHMFC field is aligned east and west, specifically 080/260 degrees magnetic and measures 130 by 25 meters. The flying area is north of the flight line as defined in the MAAC Safety Code and extends to the horizon to the west, but ends at Winston Churchill Boulevard to the east. The northern boundary of the “Flying Area” is the creek approximately 500 metres from and roughly parallel to the flight line.
- 10.11 Flight training for RC General Category will be carried out in accordance with the MAAC Basic RC Fixed Wing Flight Training Program (see MAAC Safety Code).
- 10.12 A designated flight instructor of the club will conduct all introductory flights for prospective new club members. The flights will be in accordance with the MAAC Safety Code and a buddy box system will be used. Prospective new members who already know how to fly must demonstrate to an approved HHMFC Instructor that they can do so in a safe and competent manner.
- 10.13 Model operation is permitted by an agreement with the owners of the field. Any conditions or restrictions imposed by the owners, or local by-laws must be observed.
- 10.14 All flying operations will cease when field maintenance is in progress.
- 10.15 The field is available seven days a week commencing at 8:00 AM for Electric powered models. And 9:00 am for fuel powered models. Night flying is permitted until 11:00 pm.
